

CT-PH0**INFORMATION:**

pH meter with built in automatic temperature compensation for highly accurate measurement of water, aqueous & semisolids such as pH measurements of drinking water, water storage tanks, waste water tanks & streams, industry & laboratories.

Specification	
Range	0.0 to 14.0 pH
Resolution	0.1 pH
Calibration	manual, 1point
Battery Type/Life	4x1.5V/approx.700 hrs of continuous use
Environment	0 to 50°C ; RH max 95%
Size	175x41x23mm
Weight	95g
